

“AUTHORIZATION FEST VII”

Date: Friday November 16th, 2018

Time: 10:00 am till TBA pm

Description: WHERE: In front of the castle.

WHO: Anyone needing an authorization for a specific combat discipline for both Ansteorra and Gleann Abhann.

HOW: Please read on.

What is it they say? If you have something for Eight years in a row it becomes an institution? It looks like we are continuing a very positive institution here at BAM. We are blessed to have a great number of multi-Kingdom combatants in one place for three days. Why not make sure they are all properly kitted out in proper training and paperwork while we have them here prior to Gulf War's. Thankfully, and in my most humble opinion, wisely, the various Marshals of our great Kingdom have agreed to this quest for proper training and credentialing in the past four years.

Let us keep up the pace I say.

And, going further, let us continue the expanded efforts to include Authorizations for the fighting members of our neighboring Kingdom, Gleann Abhann. In effect, they are currently being asked to provide qualified marshals of the various disciplines to conduct Authorizations for their folk of fighting blood.

I humbly seek Marshalate commitments from:

- Ansteorran (Anst) Chivalric (including fiberglass spear);
- Gleann Abhann (GA) Chivalric (including fiberglass spear);
- Anst Rapier;
- GA Rapier;
- Anst Combat Archery;
- GA Combat Archery;
- Anst Siege;
- GA Siege;
- Anst Cut & Thrust;
- GA Cut & Thrust;
- Anst Equestrian;

- GA Equestrian;
- & Combat Marshal warranting for both Kingdoms

Again, as in years past, all the Marshals have to do is show up and authorize. We will be supplying the handbooks per discipline with all appropriate forms in each. There will be enough form copies to wall paper paste the castle. All you the Marshal at Kingdom level (or your appointed envoy) will have to do is after Saturday's fighting take said copies home and submit them via your Kingdom's authorizing process. It's that simple!
